

SCHOOL ASSEMBLY

"The mind is not a vessel to be filled, but a fire to be kindled." – Plutarch

Class assemblies are a vibrant reflection of a school's spirit, where students showcase their talents, develop confidence, and cultivate essential life skills like public speaking, teamwork, and leadership. Beyond performances, assemblies nurture self-expression, discipline, and a sense of responsibility, contributing to holistic development.

Students present thematic performances through speeches, skits, mime, poetry, and other creative expressions, sharing inspiring messages and ideas that engage and uplift the school community.

As Plutarch reminds us, by kindling curiosity and creativity, we illuminate not just our minds, but our community. Lake Montfort assemblies are a celebration of this enduring spirit.
